Friends of the RV Industry,

The Recreational Vehicle Dealers Association of Saskatchewan (SKRVDA) is excited to announce the launch of our **brand-new website**, going live **May 1, 2026**.

Working with Saskatchewan-born **Natalie Regier of Digital Success Training**, we have developed a modern website designed with one goal in mind: **making it easier for RV customers to find SKRVDA dealers and trusted service providers across Saskatchewan**.

The new site will allow us to regularly feature **member promotions, product clearances, and direct links to dealership and service websites**, helping connect RV buyers directly with our members.

With the launch of this new platform, we are also creating **advertising opportunities for industry partners and sponsors** to promote their products and services to both the RV-buying public and our SKRVDA membership.

Advertising placements are **limited and will be offered on a first-come, first-served basis**.

Your ad will run **continuously from the time of publishing (earliest May 1, 2026) until December 31, 2027**.

Introductory Advertising Rates

SKRVDA Members (Dealer or Associate):

\$300 total (*less than \$15 per month*)

Non-Members:

\$400 total (*approximately \$20 per month if secured before May 1*)

When a **new website launches**, it naturally receives its **highest level of curiosity and traffic** as visitors explore the updated platform. This is the moment when early advertisers benefit the most.

Because advertising space is limited, **placements will be confirmed in the order they are received**. Once these introductory spots are filled, additional advertising opportunities may not be available until a later phase of the website.

If promoting your business to **Saskatchewan's RV customers and the RV dealer network** is valuable to you, I encourage you to **secure your placement early**.

Please contact me at rvdasask@gmail.com to reserve your spot or to request additional information.
